

# Your Combine, **UPGRADED**

## PRECISION UPGRADES

Learn more about combine upgrades from John Deere.

*Unlock the full potential of existing equipment with Precision Upgrades, available for X9, S7, S700, and S600 Combines.*

### Cross Auger Shut Off

- Cross augers engage after unloading auger has engaged reducing overall system load
- Cross augers disengage prior to unloading auger to allow unloading auger to empty
- Reduces grain weight in the unloading auger
- Improves auger start up and decreases wear and tear

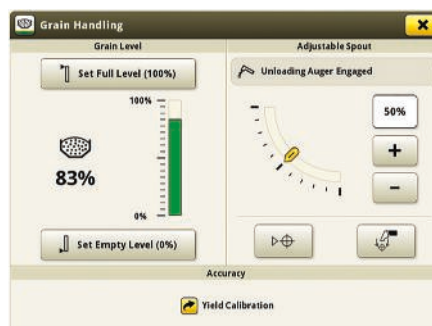

#### COMPATIBILITY:

- S760, S770, S780, and S790; model years 2018 - 2024
- S7 600, S7 700, S7 800, S7 900; model years 2025 and newer

### Adjustable Auger Spout

- Prevents grain dribbling in the field and during transport
- Spout adjustment is controlled from the multifunction lever and is easily programmable to multiple presets
- Easier to unload into grain cart or trailer
- Fully integrated into John Deere controls and displays

Field Transport Position

Road Transport Position

#### COMPATIBILITY:

- S760, S770, S780, and S790; model years 2018 - 2024
- S7 600, S7 700, S7 800, S7 900; model years 2025 and newer

## Auto Unload **NEW**

Upgrade your combine with Auto Unload, the latest enhancement to John Deere's Machine Sync technology. By adding a stereo camera and controller, Auto Unload brings next-level automation to your harvest operation.

- Focus on other harvesting tasks and worry less about the location of the grain cart
- Hands-free forward and backward grain cart movement during the unloading process allows you to automatically achieve an evenly distributed grain cart load every time
- Top-off mode ensures the grain cart is filled consistently and efficiently, maximizing grain cart capacity
- Operator must manually start and stop the unloading process
- Machine Sync licenses and high-connectivity antennas are required on the combine and tractor

### COMPATIBILITY:

- S700 and S7 Series, model years 2020 and newer
- X9 1000 and X9 1100, model years 2021 and newer
- Auger lengths of 26 ft (7.9 m) or greater
- Not compatible with unloading auger extensions

## LED Light Kit

- The kit provides improved sight in low-visibility conditions
- Outer cab work lights, rear discharge lights, and unloading auger light are brighter than standard LED lights for better visibility
- Updated row finder light that can be pointed directionally where the operator wants it to shine

### COMPATIBILITY:

- S660, S670, S680, and S690; model years 2012-2017
- S760, S770, S780, and S790; model years 2018 - 2024

## ***Remote Separator Grate Covers***

- Open or close covers from the cab with changing crop conditions
- Maximize ability to harvest in varying crop conditions
- Increased ability to make combine adjustments from the cab display
- Increases overall combine capacity and greatly reduces chaff load to the cleaning shoe; this can increase shoe capacity and reduce shoe loss in dry conditions
- Fully integrated into John Deere controls and displays

### **COMPATIBILITY:**

- X9 1000 and X9 1100; model years 2021 and newer

## ***Concaves with Remote Concave Covers***

- Easy to handle and change concaves with a drop-down cradle design
- Added threshing area with the ability to mix and match concave designs
- Improve the natural threshing action
- Maximize the ability to harvest in varying crop conditions
- Open or close the covers from the cab, significantly increasing ease of use and optimization of your combine as conditions change
- No need to stop to install or remove manual covers
- Eliminates handling and storing manual covers as separate parts
- Fully integrated into the John Deere controls and displays

### **COMPATIBILITY:**

- X9 1000 and X9 1100; model years 2021 and newer
